
KLUTCH CURLING

With only the smartphone in your pocket you can monitor your development and track your performance. Analyze every shot, every practice, every game, all season long.

View and log “Key Performance Indicators” such as exact split times, rock rotations, line of delivery and push/pull weight control consistencies.

COACH CERTIFIED

Every part of the Klutch Platform, from the hardware, to the training program to the app itself has been developed in collaboration with Martin Cavanagh, ChPC.

“Careful adherence to Sports Canada’s LTAD / NCCP development methodology, combined with state of the art technology, creates a solid platform for athletic and coach development unlike anything seen before in the sport of Curling.”

- Martin Cavanagh, ChPC.

EASY

Coaches, Ice Technicians and Board Members: Find out more about offering the Klutch Platform to your members by visiting www.klutchcurling.com

Curlers: Coming mid-October, visit the iOS AppStore and search for ‘**Klutch Curling**’ to download the app and get started (Android version coming soon)

Klutch Platform - Pricing

Each Klutch Curling order includes the necessary equipment to fully equip one complete curling sheet. Clubs looking to equip multiple sheets can benefit from pricing discounts. Please contact us for additional details.

Klutch Platform - Equipment

- 60' (18.28m x 2.54cm) of Magnetic tape (15' - 4.572m - for both Back and Hog lines). Magnets can be dark brown or white depending on your install plans.
- 16 Klutch Curling Modules - one for each rock on the sheet. The modules install simply under the handle of your curling rocks and are invisible to users after the installation.
- Wireless Recharge Station - once the Klutch Modules are installed, you'll not need to touch them all season long. Simply lay our wireless charging pods on top of each curling rock once a month and you're good to go.
- Step by step installation instructions. Whether you are installing Klutch when your ice goes in or mid-season, we'll step you through the process.

WITH KLUTCH EVERYONE IMPROVES

Whether you are a club or competitive curler, ice technician or coach, the Klutch Curling platform can help you and your team develop towards your goal(s) in a fun, interactive and dynamic progression. We have worked carefully with the best in the sports and science industries to ensure that every component of Klutch technology is underpinned with empirical scientific methods and principles.

CLUBS:

- Offer top quality ice to your members.
- Drive member engagement with club level stats, analysis and competitions.
- Cutting edge technology removes the guess work. Every match, every shot, perfect accuracy.

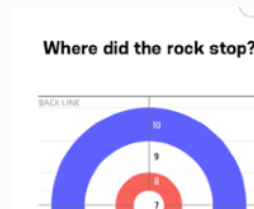

Detailed stats on your club's performance mailed weekly,

Grow and nurture community.

ICE TECHNICIANS:

- Easy to install, set up a sheet quickly.
- Minimal maintenance. Recharge the batteries once a month and you're done.
- Remove the guesswork, Klutch collects the empirical data to empower you to improve the quality of your ice.

Test the ice immediately after pebbling.
